

ELECTION FRAUDS PROBE IS STARTED

Frank C. Daily of Indianapolis is Named Special Assistant in Investigation.

WASHINGTON, Oct. 26.—So many reports of election frauds in the middle west have reached the department of justice that Atty. Gen. Gregory Wednesday appointed Frank C. Daily of Indianapolis, former United States district attorney, for Indiana, as special assistant to the attorney general in charge of investigations and prosecution of election law violations in Indiana, Ohio and Illinois.

Mr. Daily's designation followed conferences which Atty. Gen. Gregory had with him and with Sen. Tamm of Indiana, who made a flying visit to the city. It also follows a mysterious trip of Assistant Atty. Gen. Graham last week about which information was refused at the Washington end of the investigation.

The announcement was made in this statement: "It was announced at the department of justice today, that Frank C. Daily of Indianapolis, Ind., formerly United States attorney for the district of Indiana, has been retained as special assistant to the attorney general to take general charge of investigations growing out of reported violations of the federal election laws in the states of Indiana, Ohio and Illinois, and to conduct such prosecutions as developments justify. Mr. Daily's experience in such matters while United States attorney, particularly in the Terre Haute election fraud cases, peculiarly fit him for this work. He will give his exclusive time and attention to the problem and be assisted by the United States district attorneys and investigators of the department of justice.

"The extent of the information reaching the department from many sources makes general supervision in the west by one person essential. Assistant Atty. Gen. Graham will be in immediate charge of the Washington end of the investigation."

FELL FROM LOFT; HURT; THEN WELL

How a Man Who Landed on Wood Pile And Was Sore From Head to Foot Found Quick Relief.

Once upon a time Edwin Putnam, who lives in a quiet, pretty hamlet of Wendell Depot, Mass., climbed up into a loft to get some building material, just as many another man living in the country must often do. Suddenly he slipped and fell. Ten feet below was a pile of wood, knotted and gnarled. It was a nasty tumble, and Mr. Putnam was injured painfully in the back, he was covered with bruises and was sore from head to foot.

The next day he bought a bottle of Sloan's Liniment which had been recommended to him. Within a very few hours the soreness had vanished and the lameness had disappeared. He was an active man once more.

Sloan's Liniment can be obtained at all drug stores, 25c, 50c and \$1.00.

THEATERS

"EXPERIENCE"

The demand for seats for the engagement of "Experience", which will be the attraction at the Oliver for three days, starting Friday evening, is said by the management, to be one of the largest advance sales since "The Birth of a Nation". "Experience" is probably one of the great successes of the stage. It is a drama of today with a simple story that goes with unswerving directness from the first curtain to the last. It has a definite and absorbing plot and the people in "Experience" are not symbolic soulless shapes, but vivid human beings according to the emotions typified.

AT THE ORPHEUM.

The Seven Lyric Dancers, featuring Mlle. Bernice in a series of whirlwind dances, presented for the first time on the American vaudeville stage, will head the new bill at the Orpheum which opens this afternoon. Grew Paites and company in a comedy sketch, "Solitaire", Morris Golden, a comedian, who plays the violin with accomplished skill; Godfrey and Henderson in an amusing offering entitled, "Aboard for Abroad", and the Two Tomboys in an acrobatic specialty make up an entertaining bill.

"THE BIRD OF PARADISE."

Next Wednesday evening, there will be seen at the Oliver theater, one of the most unusual, beautiful and romantic dramas ever staged, "The Bird of Paradise", written by Richard Walton Tully, author of "Omar the Tentmaker", "The Rose of the Rancho", and New York's latest dramatic success, "The Flame". "The Bird of Paradise" takes the audience bodily down to that "Paradise of the Pacific," the Hawaiian Islands, and there they are shown the lives of American men and women, and of the native Hawaiians in a most beautiful and moving story. The scenery used in "The Bird of Paradise", is the last word in realism, and those who have been to the Hawaiian Islands say that the scenes shown in the play are startlingly faithful representations of the actual sights of the drama.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a filthy look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color, 10c and 25c per box. All druggists.
